

8 Ways to Support Your Children Learning English

EVEN IF YOU DON'T SPEAK THE LANGUAGE

1 Read With & To Them

When you regularly read to your children, you instill a love for reading and model how to read and use text features to support comprehension.

5 Use Technology

Allow your child to use apps, and watch tv or music videos in the second language to encourage exposure and engagement in learning a second language

2 Create Cultural Experiences

Extend cultural experiences beyond the classroom. Take your child to museums, cultural festivals, restaurants, and local international events.

6 Applaud Effort

Encourage the value of learning a second language. Recognize and celebrate your child's effort, progress & accomplishments.

3 Become Involved

Become involved in your child's school experience by volunteering in the classroom or helping with materials, activities or field trips.

7 Encourage Curiosity

Ask your children open-ended questions about what they are learning in schools (e.g., How was your day? What are you learning?). Motivate your children to question the world around them.

4 Develop Study Skills

Encourage your children to complete their classwork activities and homework. Take the opportunity to learn alongside them as you help and support them in learning English literacy skills.

8 Communicate with teachers

Keep the lines of communication open. When talking to your child's teacher, voice concerns and be receptive to the teacher's advice.
