### Spell it

Today, we're going to be learning about an activity known as **Spell It**. **Spell** in English means to build or form words by putting their letters together.

For this activity, you will have a worksheet with boxes like these.

First, you will listen to your teacher as they say a word.

Next, you will color in a circle for every sound you hear in the word.

After you fill in the circle for every sound you hear, you're going to write the letter or letters that make that sound.

When you are finished, you will have spelled your word. Let's practice.

The first word is **sit**.

Let's fill in a circle for every sound we hear.

**/s/ /i/ /t/**

**sit**

The word is **sit**!

I've colored in a circle for every sound I hear.

Now I'm ready to spell the word.

What letter makes that **/s/** sound?

Great job! The **/s/** sound is made by the letter **S**, so I will write the letter **S** in the first box.

What letter makes that **/e/** sound?

Excellent. I know that the **short vowel E** makes the **/e/** sound, so I will write the letter **E**.

The last sound in this word is **/t/**

What letter makes the **/t/** sound? Excellent, The letter **T** makes that sound, so I will write the letter **T**.

Now I have spelled my word.

**Sit.**

Now you know how to do this activity when spelling new words in English.
